Fund overview

The Fund's objective is to provide a return consisting of income and, over the medium to long term, capital growth. The Fund's investment will focus on dividend yielding equities, selected by the Sub-Investment Adviser on the basis that it believes such securities offer above average yields compared to other companies in the Asia Pacific ex Japan region. The Fund will also invest in equities that exhibit growth potential above that of the gross domestic product (GDP) of the respective country in this region. The countries in this region are defined as those qualifying for inclusion within the MSCI AC Asia Pacific ex Japan Islamic Index, although the Sub-Investment Adviser may also invest in equities listed in other countries, provided such equities are deemed Shariah compliant by the Shariah Adviser and the issuer derives significant revenue from the Asia Pacific ex Japan region as defined above.

Organisation

Principal Islamic acts as a global partner to institutional global investors, providing a range of Islamic investment portfolios to suit differing needs. We offer separately managed portfolios for institutions and collective investments. The joint venture between Principal Islamic and Principal Financial Group allows Principal Islamic to leverage on the strong global Islamic credentials of Principal Islamic while Principal Global Investors (the asset management arm of Principal Financial Group) lends its expertise in global asset management. Headquartered in Kuala Lumpur, Malaysia, Principal Islamic is strategically located in the world's first country with a complete Islamic financial system operating in parallel to the conventional banking system. This allows the firm to leverage on Malaysia's comprehensive Islamic financial infrastructure and its adopted global regulatory, legal and Shariah best practices.

Risk warnings

- Equity markets are subject to many factors, including economic conditions, government regulations, market sentiment, local and international political events, and environmental and technological issues that may impact return and volatility. There is a risk that an investment will decline in value.
- Sukuk Investment Risk – Like for other fixed income securities, price changes in Sukuk are influenced predominantly by interest rate developments in the capital markets, which in turn are influenced by macroeconomic factors.
- Liquidity risk - Default risk and liquidity risk associated with investment in below investment grade securities.
- There are specific risks associated with the use of derivative instruments, including counterparty, position, liquidity, settlement, correlation and legal risk.
- There are specific risks associated with investments in emerging markets, including legal, political and fiscal instability, settlement, liquidity, currency, accounting standards and custodial risk.
- The value of an investment may fluctuate due to changes in exchange rates between currencies or the possible imposition of exchange control regulations.
- Prospective shareholders should consult their own Shariah advisers as to whether the Company, the Fund and the investments of the Fund are compliant with Shariah principles.

Performance note

The Fund is actively managed and aims to outperform the MSCI ACWI Islamic Index (the "Index"). The portfolio manager may reference the Index as part of the investment management process and the majority of the Fund's investments will be in securities that are components of the Index. However, the portfolio manager maintains full discretion to select investments for the Fund in line with the above investment policy and with prior approval from the Shariah Advisor. The Sub-Investment Adviser maintains full discretion to select investments for the Fund in line with the above investment policies. The MSCI AC Asia Pacific ex Japan Islamic Index is referenced in order to help identify Shariah-compliant securities, with the Dow Jones Sukuk Total Return Index being referenced in order to help identify Shariah-compliant fixed income securities (Sukuk).

The performance data shown is based upon the Fund's Net Asset Value (NAV) prices of the last Irish business day of the month. For Funds not open for dealing on this day this will be an indicative NAV. As a result, it is possible that the stated performance and the actual investment returns available to investors will differ. The performance data shown is based upon the Fund's official Net Asset Value (NAV) prices. The performance data shown is net of fees and other charges but excludes any potential entry/exit charges- as such the return an investor receives may be lower. Please see Important information page for complete information. All figures are stated in USD unless otherwise noted. Investments do not always add up to 100% due to rounding.
