Fund overview

The objective of the Fund is to provide capital growth over the medium to long term. The Fund seeks to achieve its objective by investing in a globally diversified portfolio of Shariah-compliant equities that demonstrate positive fundamental change (synonymous with 'businesses becoming better') where they are seen to be actively improving and becoming stronger businesses, and at attractive relative valuations. This Fund is classified as an ESG Orientated Fund under the European Union's Sustainable Finance Disclosure Regulations (SFDR). The Fund promotes, among other characteristics, environmental or social characteristics, or a combination of those characteristics and the companies in which the investments are made follow good governance practices pursuant to Article 8 of SFDR. The environmental characteristics considered by the Fund include but are not limited to carbon footprint. The social characteristics considered by the Fund include but are not limited to health and wellbeing.

Organisation

Principal Islamic acts as a global partner to institutional global investors, providing a range of innovative Shariah-compliant solutions to help diversify investment portfolios and achieve financial goals. We offer customised mandate for institutional investors and Undertaking for Collective Investment Trust (UCITS) via the Principal Global Investors Funds platform. Principal Islamic is a joint venture between Principal Financial Group and CIMB Group, and headquartered in Kuala Lumpur, Malaysia. This allows Principal Islamic to leverage on Malaysia's comprehensive Islamic financial infrastructure and its adopted global regulatory, legal and Shariah best practices, whilst Principal Global Investors (the asset management arm of Principal Financial Group) lends its expertise in global asset management.

Risk warnings

- The price of equity securities fluctuates based on changes in a company's financial condition, overall market and economic conditions and market sentiment, resulting in an increased potential for volatility.
- The Fund may utilise a number of derivative instruments in managing the Investment Objective of the Fund. The primary risks associated with the use of such instruments are credit risk, counterparty risk and collateral risk.
- There are specific risks associated with investments in emerging markets, resulting from potentially less developed market practices. These include legal, political and fiscal instability, settlement, liquidity, currency, accounting standards and custodial risk.
- The market value of Sukuk is affected by changes in prevailing interest rates. The Fund may also be exposed to credit and default risk by investing in such securities. Additionally, due to its size, the Sukuk market may present liquidity risk. There is a higher default risk associated with investment in below investment grade Sukuk.
- The value of an investment may fluctuate due to changes in exchange rates between currencies and may or may not be hedged back to the Fund's base currency.

Performance note

The Fund is actively managed and aims to outperform the MSCI ACWI Islamic Index (the "Index"). The portfolio manager may reference the Index as part of the investment management process and the majority of the Fund's investments will be in securities that are components of the Index. However, the portfolio manager maintains full discretion to select investments for the Fund in line with the above investment policy and with prior approval from the Shariah Adviser. The performance data shown is based upon the Fund's Net Asset Value (NAV) prices of the last Irish business day of the month. For Funds not open for dealing on this day this will be an indicative NAV. As a result, it is possible that the stated performance and the actual investment returns available to investors will differ. The performance data shown is based upon the Fund's official Net Asset Value (NAV) prices. The performance data shown is net of fees and other charges but excludes any potential entry/exit charges- as such the return an investor receives may be lower.
